Forecast for Saturday 12 Aug 2023

Weather: Cloud tending to thicken and lower overnight with outbreaks of heavy rain. Cloudy with outbreaks of rain during the morning, heavy and persistent at times, the risk of the odd rumble of thunder. Some drier spells developing in the afternoon and evening with skies brightening a little and the cloud lifting, but still a scattering of heavy, perhaps thundery, showers.

Chance of cloud-free hill tops above 800m: 50%, mostly likely in the afternoon and evening.

Low Cloud and visibility: Extensive cloud at first, base 300 to 600m, rising near or above the summits at times in the afternoon and evening. Visibility moderate or poor in rain and showers, and very poor at times at height, but often good or very good in the afternoon and evening.
